

Maximize Profits & Reduce Expenses By Automating Your Gym With Our Turn-Key Gym Management System.

There is no need to pay high franchise fees to operate a 24/7 gym. All that is needed is the right membership management software and tools designed to help you automate and manage a successful 24 hour club operation!

Benefits

- Save Money on purchasing proximity cards and key fobs, by utilizing the integrated interactive keypad and display. Clients save between \$1200-\$1800 per year on card maintenance and replenishment by utilizing this solution.
- Allow members to conveniently access your facility without the need to carry a card or keychain.
- Ability to compete with other gyms by offering 24x7x365 Automated Self-Service Access to your facility without increase in staff costs.
- Increase member retention and attract new members by offering different plans based on customized access rules.
- Allow members to workout on their own time and schedules.
- Member entry and door access is recorded and integrated within the eZclub.NET to track member usage and attendance. Easily Run reports to see all attendance activity.
- Reduce overhead by completely automating the gym.
- Flexibility to create multiple pricing plans based on door and time access with the ability to utilize exclusion rules. For example instead of 24x7 availability, you can setup rules to be open from 5:00 a.m. to 11:00 p.m. or you can limit extended hours to exclude peak times on specific days or specific doors such as tanning room.

System Features

- Web-based: Access your data over any internet enabled connection.
- No Network package required: Access from multiple computers within the facility.
- Membership and Group Management (No Limit on members or users)
- Member Measurement Tracking Statistics.
- 24 Hour Access Control (Unlimited Rules and Configurations by Member and Group)
- Ability to add and configure exclusion restrictions for member access
- Check-In Module for Front Desk
- QuickBooks file download
- Ability to customize the software: Create groups, member types, locations, fee rates, multiple access rules and more.
- Recurring Billing: Setup a member to be billed automatically every month.
- Member Reminders: Set a Reminder on a member's account and view it on the dashboard
- Member Birthdays: See upcoming Member Birthdays directly on the dashboard.

FREE Training: That's right your training is free!

24/7 CUSTOMER SUPPORT: Whether you have a question or need help resolving an issue, a live customer service rep is standing by to help 24 hours a day 7 days a week.
